municated to the Commandery, and it is expected that every

member will be present.

Col. Thomas E. BARNARD, Commander.

W. H. BOWEN, W. M.,

Master of Ceremonies.

TUESDAY, OCTOBER 5, 1860.

OVER 12,000,000 bushels of grain were

shipped to Europe from this country during the month of September. There were 300 vessels employed in the transport.

FOUR persons—Mrs. John Murray, her son, Angus, Miss McDonald, and Miss McDonald, were on board the steamer, which was upset by the upsetting of a boat on Lake Memphrémagog, near Montreal.

TWO BROTHERS named Fahay had a quarrel near Richmond Hill, Ont., yesterday. The elder struck the younger brother in the face, inflicting a wound which will probably prove fatal. Their father on learning this, fell dead.

THE total cost of the United States postal service for the month of September was \$1,000,000. Of this sum there were paid for rail way mail service, \$10,500,721; steamboat service, \$607,221; road posts, \$7,321,409. The increase in cost over the preceding year was \$2,283,377.

THE members of the Greek Parliament are unanimously in favor of war with Turkey. They opened their session with a unanimous vote of the Government without hesitation. About 40,000 Greeks are already under arms, and many more are flocking to join the patriotic army.

DON CAMERON, who is one of the most astute and shrewd politicians in the country, has gone to Indiana, and will remain there till after the election. He will assist in the work of organizing in order to prevent the Democrats from using too many of Barnum's mules and steers.

SEVEN persons were poisoned at Millwood yesterday by eating wild parsnips for dinner. Physicians were called in as soon as the first symptoms of the poisoning became manifest, and all but two of the victims are now recovering. The rest are dead. The persons who were poisoned by the family grocer.

An ordinance recommended by the Committee on Health of the City Council, prohibiting the employment of children under 12 years of age in any domestic service, household duties for their parents, was rejected last night by a vote of 30 to 9. It is strange that the ordinance did not receive a larger vote.

The town elections held in Connecticut yesterday showed large gains for the Republicans, but the results in the State are not yet known. In South Amherst, which the Democrats carried last year by 54 majority, but which went Republican yesterday by 105, may be taken as a straw. Connecticut is safe for Garfield.

Foss & Hosmer's extensive pack-hunting establishment and slaughter-house at Canton near Baltimore, were destroyed by fire yesterday. The flames extended to the packing-house of L. G. Gable, adjoining. Foss & Hosmer's loss is estimated at \$50,000, and the insurance is \$30,000. Gable's loss is placed at \$30,000. The insurance is \$10,000.

Mr. RUSSELL, a member of the Ute Commission, arrived at Washington yesterday, with the treaty papers signed by 97 of the Indians. Arrangements were being made for the reception of the Utes at \$70,000 a day. The work of surveying the new reservation will take some time, and it is the purpose of the Government not to remove the Indians until next spring.

An ex-slave party, consisting of Chief Justice Denohie of New York, and some personal friends, was returning from the Yosemite Valley in a six-horse carriage. At a place called Milton the vehicle capsized. Father Traynor, a Catholic priest, had his leg broken and sustained other injuries from the effects of which he died. Judge Denohie, his wife, and a Mr. Walton sustained some injuries.

There was a meeting of representative Republicans from all the Indiana Congressional districts at Indianapolis yesterday. The reports made indicate that the Republicans throughout the State are in a strong position, and are progressing. The efforts will be made to detect repeating and to have the repeaters arrested. The imported Kentuckians are also being closely watched. Petitions for the appointment of Supervisors of Election continue to pour in each day, and it looks now as if every other polling-place throughout the State would be provided with a Supervisor. In regard to the Congressional districts, the Sixth, Eighth, Ninth, Tenth,

and Eleventh are considered safe for the Republicans. In the Seventh and Thirteenth they have more than an even chance to win, while the First and Twelfth are considered close and doubtful.

The Republicans of the Albany (N. Y.) Congressional district have wisely concluded to present a united front to the common enemy. They have withdrawn the two Republican candidates for Congress, and agreed on one candidate to all sections of the party, Dr. Vandepool, late Health-Officer at the Port of New York. The district is quite close. The Republicans cannot get a Congressman Ballot, carried it last time by 105 majority.

Two REGIMENTS of Italian troops have been sent to Genoa to guard the prison there in which Maj. Canio, Garibaldi's son-in-law, is detained. The Italian Government will go far to please Garibaldi, and will do what it can to liberate Canio. Garibaldi landed at Genoa yesterday, and was received with great enthusiasm. It is significant that he drove at once to his son-in-law's residence. The old Chief was greatly pleased at the cordiality of his reception.

PROF. RILEY, the entomologist, who has spent several months in the South investigating the habits and ravages of the cotton-worm, announces that he has reached a stage in his investigation which leaves no doubt of his ability to put a stop to any future ravages of the part of the country to receive the cotton-grower. One of the means he has adopted to discover a means of getting rid of the boll-worm and the caterpillar. It is to be hoped that Prof. Riley's discovery will answer his own expectations of it.

ALLEN LOWRENCE introduced an ordinance in the City Council last evening, the purpose of which is to protect city employees from being assessed for "political, religious, charitable, or Aldermanic star and horse and buggy subscriptions or assessments." The ordinance was referred to the Democratic and Anti-Slavery Committee, and will probably be voted upon by the City-Council when it comes up for action. Lawler, Cullen, and Hildreth are in possession of their stars and horses and buggies. They will need none for some time to come, and are correspondingly happy.

WILLIAM H. WILLIS, who was recently arrested in this city and taken to jail to answer to the charge of having murdered his wife's uncle, a Mr. French, has confessed to his crime. He charges that French had illicit intercourse with Mrs. French, and that he became so enraged at discovering the fact that he struck French with the handle of an ax. He says that he intended to kill his wife to satisfy his wife's uncle. French will be immediately placed on trial. His story of the cause which led to the murder is not believed.

THE Louisville Democrats are all torn up about the Congressional candidate for that city. The Radical wing of the party, headed by Col. Standiford, is for the election of the man who was a candidate for reelection, and the conservative wing of the party, Mr. Watson and his paper, the Courier-Journal, and the Post, are bitter in their opposition to Willis, and are said to favor a Mr. Standiford. If Willis is defeated in Convention, he will probably run as an independent candidate. In such case it is probable that Col. Thomas E. Barnes, the Republican candidate, will be elected.

THE primaries for the election of delegates to the First Senatorial District Convention were held yesterday afternoon, and the results of the election of the legal-tender currency, which was to be decided by a majority of the votes cast, were as follows: Mr. French, 1,000; Mr. Standiford, 1,000; Mr. Watson, 1,000; Mr. Barnes, 1,000. The people voted the demonstration scheme, as well as the Wall-street scheme to retire the greenbacks, and insisted that they should remain in circulation. Upon this question there was general unanimity throughout the land among honest-money supporters.
